### Acknowledgements

The *District Health Barometer* (DHB) is a collective effort. This report could not have been prepared without the generous contribution of numerous individuals and groups who have been instrumental in the realisation of the publication.

The National Department of Health (NDoH) is acknowledged for the use of data obtained from the District Health Information Software, the electronic TB and ART registers (TIER.Net and EDRWeb), and the Ideal Clinic Realisation and Maintenance system.

The health expenditure data were obtained from the National Treasury, and the burden of disease data from Statistics South Africa.

Our thanks also go to the members of the *DHB* Technical Working Group for their input and advice. The members for the 2019/20 edition are:

Beth Engelbrecht	Western Cape Department of Health
Kerrin Begg	University of Cape Town
Pam Groenewald	South African Medical Research Council
René English	University of Stellenbosch
Peter Barron	Public health specialist
Thulani Clifford Masilela	Department of Planning, Monitoring and Evaluation
Tracey Naledi	University of Cape Town
Yogan Pillay	Clinton Health Access Initiative
