

ACKNOWLEDGEMENTS

Editors

Ashnie Padarath and René English.

Editorial Advisory Committee

We extend our thanks to the Editorial Advisory Committee members: Peter Barron, Susan Cleary, Sharon Fonn, Willem Kruger, Rams Morewane, Khanyisa Nevhutalu, André Rose, David Rees, Laetitia Rispel, Geoffrey Setswe and Hein van Eck who provided guidance and direction and commented on the chapters.

Contributing Authors

We acknowledge with gratitude the individual author's commitment to contributing to the Review and for responding to editing demands, often at short notice, despite their other competing responsibilities.

Peer Reviewers

We express our sincere thanks to all the peer reviewers who, in the spirit of collegiality, made many insightful comments and thus strengthened the quality of the chapters in this Review. In particular we are grateful to the following people:

Carla AbouZahr, Peter Barron, Rakshika Bhana, Mark Blecher, Debbie Bradshaw, Beth Engelbrecht, Calle Hedberg, Karen Hofman, Ayako Honda, Jeanette Hunter, Uta Lehmann, Frans Krige, Carol Marshall, Bob Mash, Thulani Masilela, Heather McLeod, Khanyisa Nevhutalu, Okorafor Okore, David Sanders, Maureen Tong and Francois Venter.

Access to Data

We are grateful to the National Department of Health for providing access to various data sets used in this Review.

Other Support

We would like to acknowledge the role of various people who provided invaluable support and assistance in producing this Review. We acknowledge the role of Leverne Gething for her meticulous editing and Catherine Pagett who worked seemingly ceaselessly on the referencing and for her general support. As always, we owe a debt of gratitude to Lynda Campbell of The Press Gang for maintaining the high standard of layout and design that has become associated with the Review. Thanks are also due to the following HST staff for providing various types of assistance and support: Candy Day, Fiorenza Monticelli, Rakshika Bhana, Jeanette Hunter, Brian King, Megan Govender, Julia Elliott, Dudu Zondi, Mary Dorasami, Lloyd Lowe, Peter Bock and Nompulelelo Xulu. We are also grateful to Delene King, Shikanth Bugwandeen and Peter Barron for their unstinting support and assistance.

Funders

This publication was generously supported by a grant from the South African National Department of Health.
